

**Wild Virginia is hosting our own
special film festival this year!**

We will be bringing the award winning film *Hidden Rivers* along with several other short films that highlight our rivers, streams, and forests and how we can protect them.

We expect to sell out both shows this year!

**September 13th in Staunton
Visulite Cinema at 6:30pm**

**September 15th in Charlottesville
Violet Crown Theater at 6:30pm**

We invite you to celebrate with us! We want you to be part of this important educational event by joining us as a sponsor. To bring these award winning films we need local support from businesses like yours. Last year, over 40 local business sponsors made our film festival possible.

**Please return this packet or
fill out this online form by
July 31st.**

We need you to act soon to be sure you get maximum exposure in all of the great advertising materials we're creating. We offer several levels of sponsorship. A list of benefits like free tickets, preferred advertising placement, personal shout-outs at the shows, and more is enclosed.

Please contact us if you have any questions at all. We hope you can join us!

Sincerely,

Misty A. Boos

About the feature film: Hidden Rivers:

Ten years in the making, Hidden Rivers is Freshwaters Illustrated's newest feature film that explores the rivers and streams of the Southern Appalachian region, North America's most biologically rich waters. The film follows the work of conservation biologists and explorers throughout the region, and reveals both the beauty and vulnerability of these ecosystems. You can watch the trailer here:

Who We Are

Wild Virginia is committed to protecting and connecting your favorite wild places. Wild Virginia works hard to educate and empower Virginia citizens by providing the access, the tools, the knowledge and the confidence to act effectively to protect natural ecosystems and to promote stewardship of Virginia's wild places.

What We Do

Wild Virginia is actively working to better connect and prevent destruction to Virginia's forests. We are working to stop the Atlantic Coast and Mountain Valley Pipelines and to keep our precious drinking watersheds from being degraded for industrial profit.
