

The Wild Virginia Film Festival: “Walk on the WILD Side” is COMING SOON!

We will be bringing the award-winning film *Cascade Crossroads* along with several other short films that highlight our rivers, streams, and forests and how we can protect them. The Festival will screen November 12th at 6PM ET until November 14th at 6PM ET.

We invite you to celebrate with us! We want you to be part of this important educational event by joining us as a sponsor. To bring these films we need local support from businesses like yours. Last year, over 20 local business sponsors made our film festival possible.

Please return this packet or [sign up at this link](#) by October 15th.

We need you to act soon to be sure you get maximum exposure in all of the great advertising materials we’re creating. We offer several levels of sponsorship. A list of benefits like preferred advertising placement, personal shout-outs at the shows, and more is enclosed.

Please contact us if you have any questions at all. We hope you can join us!

Sincerely,

Misty A. Boos
Executive Director
Wild Virginia

About the feature film: Cascade Crossroads

A documentary film about building bridges, both literal and metaphorical. Cascade Crossroads chronicles the amazing story of seemingly opposite interests joining forces to restore a critical wildlife corridor while improving Washington State's vital transportation corridor over the Cascade Mountains. Told in the varied voices of the men and women who worked across ideological, political, and geographical differences to set in motion the world's largest wildlife project of its kind, Cascade Crossroads shows what can happen – for people and the environment – when we build bridges.

Who We Are

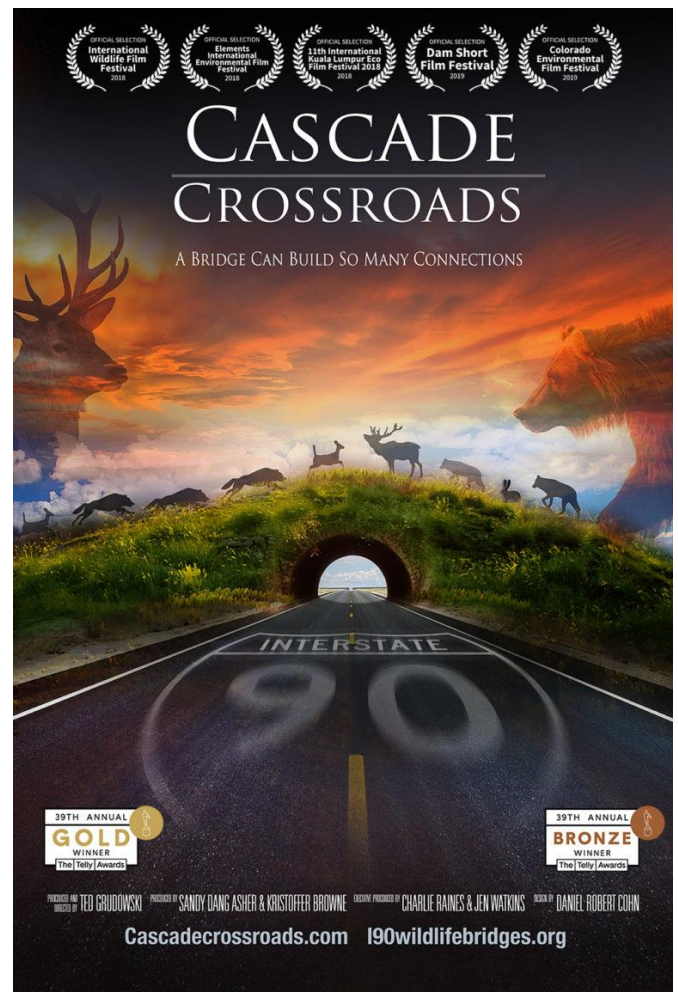

Wild Virginia is committed to protecting and connecting your favorite wild places. Wild Virginia works hard to educate and empower Virginia citizens by providing the access, the tools, the knowledge and the confidence to act effectively to protect natural ecosystems and to promote stewardship of Virginia's wild places.

What We Do

Wild Virginia is actively working to better connect and prevent destruction to Virginia's forests. We are working to stop the Mountain Valley Pipelines and to keep our precious drinking watersheds from being degraded for industrial profit.
